

A photograph of four children jumping in a grassy field with trees in the background, reaching for a yellow ball. The children are wearing blue, green, and red shirts. The scene is bright and sunny.

# WisdomThinking®

## Leader Training

### (Plan M)

#### For whom?

The WisdomThinking® Leader Kick-off is designed for **leaders, entrepreneurs, executives, project management, HR** and anyone who wants to apply this methodology. It supports leading teams wisely and harmoniously in complex and confusing contexts.

#### What contents?

The WisdomThinking® Leader training teaches in 8 days the confident application of the WisdomThinking® method in everyday leadership. It leads simply and effectively from leadership concerns to harmonious decisions and actions, even in complex and unclear settings.

##### Content of Module 1: Kick-Off

- Compact introduction to the action-systemic attitude as a basis for WisdomThinking®
- Getting to know the method with the central change of perspective towards the perception of the context as a reservoir of interrelated resources
- Working with the HarmonicGuides as practical tools with their strong visualization, structuring and logic
- Working out and practicing the harmonious approach, initially in the simplest application case, namely the action of the individual.

##### Content of Module 2: Thinking leadership with WisdomThinking®

- Transfer of WisdomThinking® to special roles that the individual takes on, including the role of a manager or leader in the company
- Working with the special perspectives of project and company concerns
- Thinking holistically about the team from one's leadership role and bringing them along with the concern
- Managing the complexity of the forces in the field for the relevant concern and the options for action up to reaching harmonious solutions and transforming them into implementation steps.

##### Content of Module 3: Practicing Leadership with WisdomThinking®

- From thinking about to leading a team with WisdomThinking®.
- The task, the concern and its relation to the interests of the team members
- The play of action logics depending on the context
- Supporting skills and attitudes of the leader
- Leadership between maximum openness to results and dysfunctional system requirements.

##### Content of Module 4: The Personality of the WisdomThinking® - Leader

- Reflection on one's own leadership personality and one's own understanding of leadership
- Authenticity in the leadership role
- Transfer into the own leadership everyday life, final presentation.

# WisdomThinking®

## Leader Training

### (Plan M)

#### With whom?

With the inventors and pioneers of **WisdomThinking®**, who contribute all their knowledge, passion and over 15 years of experience in the practical application of the methodology, as consultants, mediators, executive coaches and lecturers in systemic trainings.
