Training location: Villa Sophia, Lutherstadt Wittenberg

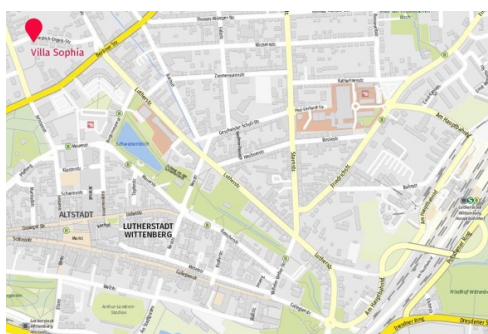

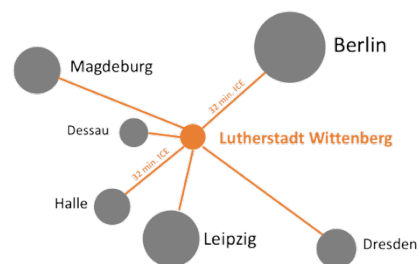

Villa Sophia is the home of the Harmonia Academy. Here you can work intensively or let your mind wander, be creative together, find yourself or lose yourself, retreat or go on a discovery tour. Villa Sophia is ideally located in Wittenberg's Schlossvorstadt on the edge of the historic old town. So everything important is close by and at the same time everything stressful is far away. Surrounded by a miniature park with large old trees and cozy seating niches, the rooms and park are just as suitable for working individually and in groups as they are for relaxing by the fire bowl in the evening.

Journey and accommodation

Wittenberg is really centrally located.

Berlin and Leipzig can each be reached by ICE in 32 min, Hamburg in 2.5 hours, and even Munich or Frankfurt airport in under 4 hours.

The nearest airports are Leipzig/Halle and Berlin BER, each of which can be reached in a good hour by car or train. For drivers, Lutherstadt Wittenberg is about 20 minutes from the A 9 (Berlin - Munich).

Villa Sophia is located north just outside the old town, the central market square is within 5 minutes walking distance. In the old town you can find not only many of the city's sights, but also a wide range of hotels, restaurants and shopping.
